How many of the women who played significant roles in Israel, in the life of Jesus and in the early days of Christianity do you know? Would you believe that well over one hundred women, some named, many nameless, are among the biblical characters who act in God's name? They include prophets, judges, apostles and teachers.

Come, find inspiration for today in their stories, their power and the ways they gave life to God's promise. Help them find their voice through yours.

"Sr. Barbara Bozak is an inspiring teacher of the Bible. She presents biblical material in a way that speaks to adults from all walks of life. Her insight into the study of women in Scripture is thoughtful and provocative."
— B.J. DALY HORELL (HARTFORD, CT)

"Her presentation was outstanding – very informative yet easily understood by all. She had good interaction with the audience who felt their time was well-spent. People talked about the experience for weeks afterward."
— SUZANNE MARTIN (MADISON, CT)
